I am glad you went part-time. I hope that is helping with the online learning.

I think you are right about the second Friday, but I guess I need to figure that out soon.

Yes! The new core hours thing really is hard to figure out, especially when part-time, like me. At least now, as I think I understand it correctly, the second Friday doesn't have to be within core hours...

Sincerely,

Jacqueline Clark

Yes, I agree and I understand. I used to try to work nine hours a day and take every other Friday off, but it has rarely worked the past couple years because I have so much work to do. Thus, I would often end up just doing work for an hour or two on Friday, but, when the hours changed under the new "contract" last summer, that didn't work so well and I had to work on Fridays.

No problem! I have learned that most people are out of the office on Fridays – it was really hard to schedule that call with MN yesterday especially bc no one works Fridays....

Sincerely,

Jacqueline Clark

Hi Jenny – if we're looking for CWA sample results we probably need to include Chad Harsh from R3. I've copied him to this message and will forward the invite, but not sure if he will be available for the call.

Sincerely,

Jacqueline Clark
